Code Annotation Examples

Codeblocks 3

Some `code` goes here.

Plain codeblock

A plain codeblock:

```
def myfunction()  
    // some comment
```

Code for a sepecific language

Some more code with the `py` at the start:

bubble_sort.py

```
import tensorflow as tf  
def whatever()
```

With line numbers

```
1  import tensorflow as tf  
2  def whatever()
```

With line numbers highlighted

```
import tensorflow as tf  
def whatever()
```

English

Video Example

COSTA RICA IN 4K 60fps HDR (ULTRA HD)
